At long last, there is a file of the data you requested posted on www.ourPassaic.org, in the Digital Library, under "All Public Documents", "Current Passaic River Sampling Activities" (titled "HRF-2008-2009Passaic Sediment Data"). The file was too large to e-mail - please let me know if you have any trouble finding it or downloading it.

Also, please let me know if this is not what you were expecting to receive - I can put you in touch with my database guy who will get you what you need.

Again, my appologies for taking so long to send this to you - I promise to do better next time.
